

## Lunch Time Math

Area = Length x Width

$$A = L \times W$$

Bread Length \_\_\_\_\_

Bread Width \_\_\_\_\_

Bread Area = \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_ inches square

Meat Length \_\_\_\_\_

Meat Width \_\_\_\_\_

Meat Area = \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_ inches square

Cheese Length \_\_\_\_\_

Cheese Width \_\_\_\_\_

Cheese Area = \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_ inches square

Total Sandwich Area:

Total Sandwich Area = top bread area + bottom bread area +  
meat area+ cheese area

\_\_\_\_\_ + \_\_\_\_\_ + \_\_\_\_\_ + \_\_\_\_\_ = \_\_\_\_\_ inches square
