

Sticks and Stones

Learn your Bones in a Game!

2-4 players

20-30min

4+ years old

Set up:

Print 6 sets of cards double sided on cardstock and cut on the solid lines.

If you have young students, print the skeletons on paper for them to follow as they play the game.

The Cards:

“Bone” Cards– Each skeleton takes 15 bone cards to complete. Collect and play the bones you need and discard the bones you don’t need. R is for the right side and L is for the left side.

“Milk” Cards – Milk has calcium which is good for your bones! Milk cards cancel the effects of Sticks and Stones cards. Keep them in your hand and play them when someone tries to break your bones.

“Sticks” and “Stones” cards – Sticks and stones will break your bones! Play a sticks or stones card and remove one of your opponents bones from their skeleton. Place both your stick or stone card and the ‘broken’ bone in the discard pile.

Rules:

Shuffle cards.

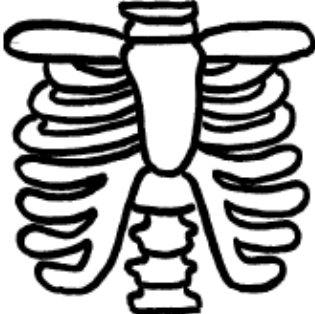

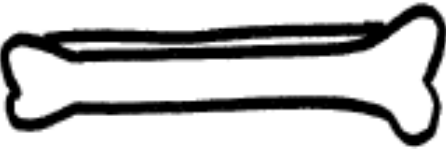

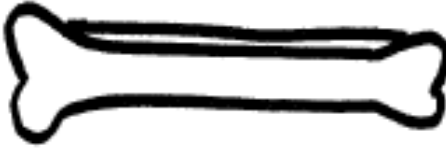

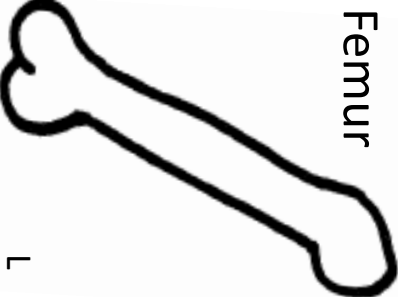

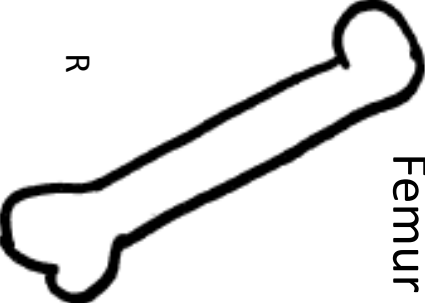

Deal each player 5 cards face down.

Pick up your cards.

On your turn, you

- 1) Play a card (place a bone piece for your skeleton or play a special card) **OR** discard a card to the discard pile.
- 2) Then draw one card.

Players take turns until someone has completed their skeleton!

 <p>Skull</p>	 <p>Rib Cage</p>	 <p>Pelvis</p>
<p>Humerus</p>  <p>R</p>	<p>Radius & Ulna</p>  <p>L</p>	 <p>R</p> <p>Ulna</p> <p>Radius &</p>
 <p>L</p> <p>Humerus</p>	<p>Carpals, Metacarpals, Phalanges</p>  <p>L</p>	 <p>L</p> <p>Tibia & Fibula</p>
 <p>Milk</p>	 <p>R</p> <p>Carpals, Metacarpals, Phalanges</p>	 <p>R</p> <p>Tibia & Fibula</p>
 <p>Sticks</p>	 <p>L</p> <p>Femur</p>	 <p>R</p> <p>Tarsals, Metatarsals, Phalanges</p>
